THE GOLD PANIC.

WASHINGTON, Feb. 2.—The first financial act of the session passed the Senate to-day. It will be referred to the House on Monday to be reported by a Finance Committee to fund the public debt in three months and at three rates of interest, ranging from 5 to 7 per cent.

The bill which passed to-day to provide a National currency of coin and to equalize the distribution of circulation, and to regulate the coinage of the shape in which it stood yesterday. As far as it has passed it provides for an additional issue of forty-five millions. These are to be furnished to banking associations in the States and Territories having less than their proportion used. The additional amount is to be made as soon as practicable upon the basis of the census of 1860. These new certificates are to be redeemed, but are not to be used any faster than the certificates are cashed. As the certificates are to be held by the banks as the lawful money reserve, it follows, of course, that the legal tender notes, so that the proposed issue of bank notes does not add to the aggregate circulation of the country.

THE GOLD PANIC.

WASHINGTON, Feb. 2.—American newspapers have been received here of a late date than the 11th of January, though letters are to hand to 1860. There is considerable difference as to what it arises from any recent change made in the system of carrying the trans-Atlantic cable.

A letter has been received here from Capt. Fochman of the royal navy, commanding the Peacock, that Mr. Livingston, the celebrated African traveler, has been born as a water boy in a child in the interior.

THURSDAY MORNING, FEBRUARY 1, 1870.

ROUND-ABOUT.

1.

The Army at Bay.

Logan's bill to reduce the number of officers of the army, and fixing the pay, is of a fact beyond dispute that such medicines leave in the human system no bad effects. Therefore, it should be man's study to gain the medicines that in any form contain the least part of any of these mercurial and arsenical preparations.

EDWARD WILDER'S

STOMACH BITTERS

Is purely vegetable. It acts on the sick and enfeebled like a charm, giving them renewed vigor and strength. The old and the young, as also infirm, are confined to the house, out of doors. There is nothing that gives such appetite, as is now bringing up the tons of the stomach, thereby giving health and vigor to the system.

EDWARD WILDER'S

SARSAPARILLA & POTASH

Is a rare combination, such as the world has never before seen or known. All sorts of old chronic affections and scrofulous diseases disappear by its use as if by magic, and the cure of these obnoxious diseases is rapid, certain, and complete.

EDWARD WILDER'S

COMPOUND

Extract of Wild Cherry

Has the happiest effect on consumption, seeming to the body to exert a propulsive force, giving them instant relief and comfort, and in cases of cough or severe cold it is indispensable, and should always be kept in the house.

EDWARD WILDER'S

Chill Tonic

Adds and brings in a new era in medicine. It is purely vegetable, and not only cures Chills and Fever and Fever and Ague, but restores the blood to its proper constitution, and cures the system entirely of the malady.

EDWARD WILDER'S

Family Pills!

Are not intended as a gripe, powerful purgative, but as a mild and soothing cathartic—searching out and bringing forth from the system all that makes ill health, and leaving it cleansed and strong.

EDWARD WILDER'S

PERSONAL GOSPI.

Is on his last legs.

Arthur gets his dinner at Belmont's to-day.

Arthur is still drawing crowded houses in New York.

JORDAN succeeds Quesada as General-in-chief of the Spanish forces.

A young woman is said to make \$10,000 a year, working only eight months of the twelve.

The Duchess of Argles has resigned her office as Minister of the Revenues to Queen Victoria.

The Philadelphia Post says Butler and Dawes out on Wednesday, but it should be added, it was Butler's arrival on Tuesday.

Arthur is the only son, unfortunately, with that attention to physical education common in European royal families.

Two members are personally acquainted.

EDWARD WILDER'S

WORM SYRUP

Is what his name denotes—a true mother's friend.

It comes away with the most valuable dose of vermin and with the poisonous effects of all worm candy.

It is a pure syrup, perfectly harmless in its nature, and is warranted in all cases to relieve the little sufferers of worms.
